

PROJECTOR CEILING MOUNTS

CUSTOM SOLUTION

RPA™ SERIES INVERTED CUSTOM PROJECTOR MOUNT

This top-selling, custom projector mount with quick installation and low-profile design is perfect for offices, schools and homes.

FEATURING

ROLL ADJUSTMENT: $\pm 4^\circ$

PITCH ADJUSTMENT: $\pm 25^\circ$

YAW ADJUSTMENT: 360°

MOUNTING OPTIONS

1. Flush mount to ceilings using the four corner slots in the top of the mount. Suitable access is provided to allow flush mounting without disassembly.
2. 1/4" Threaded Rod using the four corner slots in the top of the mount.
3. 1-1/2" NPT Threaded Extension Column using the threaded opening at the top of the mount.

Note: Threaded Extension Column and Threaded Rod not included.

FAQ

1. How do I know which mount to order?

A Chief's cross-reference chart will help determine which mount to order based on the projector model.

2. Do I need to order a separate bracket?

A The RPA ships complete with an SLB bracket.

3. How much assembly is required?

A None, just attach the mount to the provided bracket.

4. How much weight does the mount hold?

A Each mount is designed to support the weight of the projector model(s) specified. However, your ceiling must hold at least five times the weight of your installation.

5. How much height will the mount add to my installation?

A The RPA adds approximately 2-1/2" (64 mm).

6. Do I need additional accessories for my installation?

A For flush mounting, no additional accessories are needed. Often you will need to lower your projector from a structural, suspended or finished ceiling. For these common applications, you will want to order the appropriate accessories.

7. If I use the RPA with a Suspended Ceiling Kit, do I need an extension column?

A Yes. Any 1-1/2" NPT Threaded Extension Column will work with Chief's Suspended Ceiling Kits.

HOW TO ORDER

1. Determine which mount to order by looking in the cross-reference chart. For the most recent cross-reference chart, visit www.chiefmfg.com or call Customer Service at 1.800.582.6480 (domestic) or 952.894.6280 (international).
2. Choose any appropriate accessories needed for your installation.
3. Fax or e-mail your order to Customer Service at 877.894.6918 (domestic) or 952.894.6918 (international), or orders@chiefmfg.com.
